BCIS RSE Policy 2024-25.pdf; RSE Consultation Questionnaire 2024-25.docx;

Dear Guardians

As part of our ongoing commitment to providing a comprehensive and inclusive education for your young people, we are in the process of reviewing our Relationship and Sex Education (RSE) policy, and would like to include you in this process via consultation.

We firmly believe that involving Guardians in this process is crucial, as your perspectives and insights are invaluable in shaping the policy to meet the needs of our young people and the local community.

We would greatly appreciate your input on our current RSE policy which is attached. Your opinions, concerns, and suggestions will help us ensure that our RSE curriculum is relevant, respectful, and in line with your expectations.

To aid with this, I have attached a questionnaire for you to complete and return; your feedback here would be greatly appreciated.

BCIS aim to create an environment where open dialogue and understanding thrive, fostering healthy relationships and personal development for all our students. Therefore, BCIS will be hosting a consultation event, scheduled for **Friday 31st January 2025**, from 4:00pm - 5:00pm, onsite at BCT Uplands House, and would like to extend to you the offer of attending for onsite consultation, which will provide an opportunity for you to express your thoughts, ask questions, and share any concerns or suggestions you may have in person. We value your involvement in this important process, and your participation will help to further shape our RSE policy.

If you are interested in meeting with staff onsite to discuss our RSE Policy / Curriculum, please do make this request via email, and we will ensure you are invited to this event.

Here are some areas where your additional input would be especially valuable:

Concerns:

If you have any concerns regarding our current RSE policy or any specific aspects of it, we would appreciate hearing about them. Your feedback will enable us to address potential issues and ensure that all concerns are considered during the policy revision process.

Inclusion of Topics:

We believe in a comprehensive approach to RSE, covering a wide range of topics that are relevant to your children's lives. If you have any suggestions or ideas about additional topics or areas you feel should be included in our policy, we encourage you to share them with us.

Teaching Methods:

We aim to deliver RSE education in a way that is informative, engaging, and age-appropriate. We value your insights on effective teaching methods, resources, or approaches that you believe would be beneficial for delivering RSE education to our students. Your input will help us create an enriching learning experience for all.

Questions and Queries:

If you have any questions or queries regarding our current RSE policy or the policy review process, we are here to help. Please don't hesitate to reach out, as we want to ensure that you have a clear understanding of our goals, methods, and intentions. Your opinions matter greatly to us, and we assure you that your feedback will be treated with the utmost respect and confidentiality.

The information you provide will be used exclusively to shape our RSE policy and improve our educational offerings.

To share your thoughts, concerns, or suggestions, please return attached questionnaire, alternatively, please feel free to reply to this email or contact our Designated Safeguarding Lead who is cc'd (Alex).

We kindly request that you provide your feedback by **Monday, 10th February 2025**.

Thank you in advance for your time and contribution to this important process.

Together, we can create an inclusive and supportive environment that empowers our students to navigate healthy relationships and make informed decisions.

Kind regards,

Justin Bayley
